# DST JobWorks
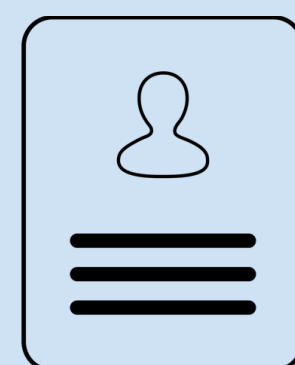

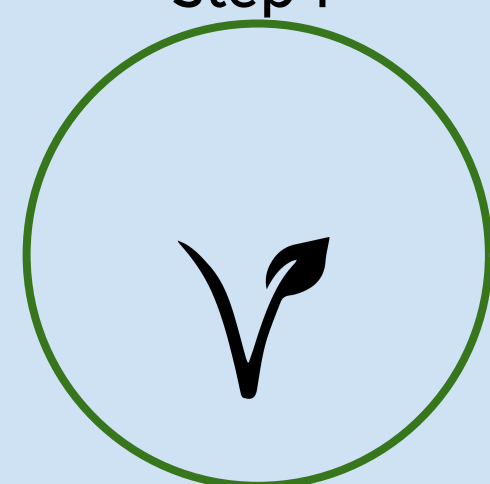

A job application with you in mind

The Problem:
Homeless individuals often have troubled pasts and feel **misunderstood** when looking for jobs

Show your skills

A job application that showcases and surfaces core skills to employers

Step 1

Build your profile

Add to your profile over time and share it with employers

Step 2

Tell your story

You are more than a label - share who you are and your aspirations

Step 3

Increased exposure

Based off a core set of skills, apply to several jobs at a time

Step 4
